To Whomever This May Concern,

I am putting in this formal request to end research and experiments being conducted on [REDACTED]. I also request that [REDACTED] is transferred to more secure containment.

I believe that we've gathered all the information we need from [REDACTED]. I am worried that keeping it in less-secure containment poses a massive danger due to [REDACTED]'s potential ability to [REDACTED].

Sincerely,

ASH VALENCIA

# REQUEST DENIED
