I need your help,

It's all falling apart here. I don't know how much more I can manage, or how long until something happens to me. But I can't let them get away with this.

Hana, please, they killed Maya. Emilie Fowler, or whatever is pretending to be Emilie, killed Maya. It happened a week ago. Everyone keeps telling me it was an accident but I know it isn't. I even got into an argument with Emilie and Noah about it. They threatened me. I don't know who to trust.

I know you probably don't like me, but please, you're the only one I can trust,

Please help,

Vixen Ruiz
