Dear Emilie Fowler,

As I am sure you are aware, two of the staff here, [REDACTED] and [REDACTED] have developed a close friendship/relationship as some of the younger staff here.

However, I remain worried about the security risk this poses, due to potential secretive information being spread between [REDACTED] and the [REDACTED].

I am requesting you to gain access and record all communication that occurs between [REDACTED] and [REDACTED], including emails and messages.

If you have any issues with this, then I recommend reconsidering this line of work.

Sincerely,

HANA STONE
